

Amsterdam, 23 August 2021

Dear Sir, Madam,

The services listed below are to be awarded (see also attached tender document, including tender specifications).

Tender data:

Service: Tender specifications for developing a decentralized data and services infrastructure for the INCENTIVE project, in particular immunological data and analysis.

Short description: An organization or 'consortium of organisations' is being sought to implement the service

Procurement No: SHVE-INC-1

Tender dates:

Deadline for submitting clarification questions: 31.08.2021, 17:00

Bidding deadline: 09.09.2021, 17:00

Document Opening date: 16.09.2021

Award/binding date: 21.09.2021

Execution deadline: September 2021

Start of Project: 01.10.2021

The tender documents are attached to the document. If you are interested in performing the services, the bid must be sent electronically by the bidding deadline.

Bidders are not allowed at the opening of the bids. The contract will be awarded by the Stichting Human Vaccines Project Europe on the basis of the following criteria

The award criterion is the most economical bid, calculated according to

- 40% Price
- 30% Technical resources
- 30% Methodology

Bids can be withdrawn in writing or electronically until the end of the bidding period. Further corresponding documents or information may be required to prove the financial situation as well as the capability and reliability.

Required eligibility criteria

1. Signed tender specifications document including filling out price sheet
2. If you wish, your bid may be submitted on company letterhead.
3. Brief description of the implementation concept.
4. Preferably 3 references of the same magnitude, stating the contract volume and contact details
5. Proof of entry in a public register (e.g. commercial and / or trade register)
6. Proof of an existing business / professional liability insurance.
7. Signed anti-corruption clause.

8. Signed declaration of taxes and social security contributions to be paid as well as existing or imminent bankruptcy proceedings
9. Signed self-declaration of the bidder.
10. Signed data protection notice.
11. Suitability of your company according to page 4-10 of the tender specifications document.

Further information can be obtained from Human Vaccines Project Europe fvandenboom@humanvaccinesproject.org

Important information for bidders:

The language of the proceedings is English. The bids are to be written in English. All correspondence on this procedure must also be in English.

If, in your opinion, the tender documents contain ambiguities, you must inform us immediately. Bidder questions or comments on the tender documents are to be submitted immediately and only in writing via fvandenboom@humanvaccinesproject.org.

Best regards,

Frans van den Boom PhD, MMO
Executive Director Europe
